

MnO

MANGANESE OXIDE (FEED GRADE)

We produce premium-quality manganese oxide feed grade as per the European Standard.

Product Specification & Typical Analysis

Element	Our Specification
Mn Total	Above 61%
Manganese Oxide (MnO)	Above 79%
Moisture	Below 1%
Silica as SiO ₂	Below 4%
Alumina as Al ₂ O ₃	2%
Iron as Fe	2%
Arsenic (As)	Below 100 ppm
Lead (Pb)	Below 200 ppm
Cadmium (Cd)	Below 20 ppm
Mercury (Hg)	Below 0.9 ppm

100 Mesh BSS: 95-100% Passing

Technical Data:

Density : 1.80-1.90 kg/dm³

Solubility: Water-insoluble/Acid Soluble

Molecular Weight: 71

Shelf Life: 3 Years

Production Capacity: 2000 MT/Month

Packaging: Nett bags of 25 or 50 kgs, Jumbo bags of 1 ton on pallets to be transported in 20ft container

Above specifications can also be tailored to meet specific client requirements
